Dear Dr. Gleaner:

I don't know how to thank you enough for helping me with all the dental work. As a dentist, you took time out of your busy schedule to help me. I noticed that I was treated as a patient who was paying for the work done. You are truly a professional dentist. All the work that was done was given with such care and expertise. The care and time you devoted meant the world to me. On every visit after I left and sat inside my car, I was so overwhelmed with tears of joy and thanked God for you. May God continue to bless you.

Once again, THANK YOU!!!!!!

Sincerely yours,
